

NEW SOUTH WALES

The Hon Frank Sartor MP

Minister for Planning

Minister for Redfern Waterloo

Minister for Science and Medical Research

Minister Assisting the Minister for Health (Cancer)

Mr Rickystan Savaiko
28 Blackwood Place
OATLANDS NSW 2117

Dear Mr Savaiko

I wish to express my congratulations on your receipt of Fourth Place in the Grand Awards for Engineering for your project 'Versatile Colour Identification and Luminance Contrast Determinations Using a Triluminate Source' at the 2006 Intel International Science and Engineering Fair held in Indianapolis.

As Minister for Science and Medical Research, I commend your achievement and the significant work you have put towards your research and project. After receiving the Best Team Award at the Young Scientist Awards in 2005, it is obvious that you have worked well with Ian Cannon, and that this has also been recognized by your receipt of First Place for the Distinguished Team Award from the Society for Technical Communication.

I understand that over 1500 students came together, and that you underwent a rigorous judging and interview process. I am confident that many students internationally, and from New South Wales will be inspired by your dedication and commitment to science. I am pleased that through the Office for Science and Medical Research I was able to continue to support you towards this exceptional achievement in Indianapolis.

I wish you every success in the future and look forward to hearing of your further achievements.

Yours sincerely

Frank Sartor
